

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heidi Wade
DOCKET NO.: 24-01506.001-R-1
PARCEL NO.: 09-25-307-100

The parties of record before the Property Tax Appeal Board are Heidi Wade, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,529
IMPR.: \$110,906
TOTAL: \$130,435

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 1,946 square feet of living area.¹ The dwelling is approximately 4 years old. Features of the home include a basement, central air conditioning and a garage with 440 square feet of building area. The property has an approximately 7,990 square foot site and is located in Wauconda, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 6,808 to 10,454 square feet of land area. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 1,921 to 2,158 square feet of living area

¹ The Board finds the best description of the subject is found in the property record card provided by the board of review, that was not refuted by the appellant.

that range in age from 21 to 90 years old. The appellant reported that each comparable has a basement, central air conditioning and a garage that range in size from 400 to 1,000 square feet of building area. Two comparables each have a fireplace. The comparables sold from January to July 2023 for prices ranging from \$330,000 to \$385,000 or from \$152.92 to \$200.4 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$130,435. The subject's assessment reflects a market value of \$391,344 or \$201.10 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.²

In response to the appeal, the board of review submitted a Multiple Listing Service sheet on the subject disclosing that it sold October 2020 for \$365,000.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, comparable sale #4 is the same property as the appellant's comparable sale #3. One comparable is located in the same assessment neighborhood as the subject property. The comparables have sites ranging in size from 6,211 to 10,803 square feet of land area. The comparables are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 1,560 to 2,034 square feet of living area that range in age from 3 to 23 years old. Each comparable has a basement, three with finished area and central air conditioning. Three comparables each have one fireplace and three comparables each have a garage that range in size from 420 to 529 square feet of building area. The comparables sold from January 2022 to July 2023 for prices ranging from \$349,900 to \$450,000 or from \$184.45 to \$288.46 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration, with one comparable sale being common to both parties. The Board has given less weight to appellant's comparable sales as well as board of review comparable sales #2 and #4, which includes one common comparable, due to their older ages when compared to the subject.

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2024.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #3. Despite one comparable having sold 24 months prior to the assessment date at issue, the Board finds that these two comparables are relatively similar to the subject in design, age, and some features. However, one of the comparables has a larger site size and both of the comparables each have a finished basement area, a feature the subject lacks, suggesting downward adjustments would be required to make these two comparables more equivalent to the subject. Nevertheless, these two comparables sold in January 2022 and June 2023 for prices of \$400,000 and \$450,000 or \$196.66 and \$288.46 per square foot of living area, including land. The subject's assessment reflects a market value of \$391,344 or \$201.10 per square foot of living area, including land, is bracketed by the two best comparable sales in this record on a price per square foot but falls below the two best comparables on an overall market value basis. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
