

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Armando Tello
DOCKET NO.: 24-01509.001-R-1
PARCEL NO.: 16-36-302-027

The parties of record before the Property Tax Appeal Board are Armando Tello, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,156
IMPR.: \$178,910
TOTAL: \$250,066

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 2,426 square feet of living area. The dwelling was constructed in 1963 and is approximately 61 years old with an effective age of 1979. Features of the home include a basement with finished area, central air conditioning, 4 bathrooms, and a 484 square foot garage. The property has a 11,713 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within 0.20 of a mile from the subject. The comparables are improved with 1-story homes ranging in size from 2,328 to 2,585 square feet of living area. The homes were built in 1963 or 1964, with two having effective ages of 1980 and 1981 and one reported as being updated. The appellant submitted a listing sheet for comparable #3 describing this home as

updated. Each home has a basement with finished area, central air conditioning, 2.5 or 3.5 bathrooms, and a 462 or a 550 square foot garage. The comparables have improvement assessments ranging from \$159,194 to \$187,441 or from \$63.96 to \$72.51 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$171,033.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$250,066. The subject property has an improvement assessment of \$178,910 or \$73.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within 0.14 of a mile from the subject. The comparables are improved with 1-story homes ranging in size from 2,307 to 2,645 square feet of living area. The dwellings are 60 or 61 years old. Each home has a basement, two of which have finished area, central air conditioning, 3 to 4.5 bathrooms, and a garage ranging in size from 440 to 552 square feet of building area. The comparables have improvement assessments ranging from \$177,914 to \$198,193 or from \$74.93 to \$77.12 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board finds the comparables are similar to the subject in dwelling size, age, location, and some features, although one comparable lacks finished basement area that is a feature of the subject and five comparables have fewer bathrooms than the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. The comparables have improvement assessments that range from \$159,194 to \$198,193 or from \$63.96 to \$77.12 per square foot of living area. The subject's improvement assessment of \$178,910 or \$73.75 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
