

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gabriel Viti  
DOCKET NO.: 24-01517.001-R-1  
PARCEL NO.: 16-21-207-017

The parties of record before the Property Tax Appeal Board are Gabriel Viti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$109,688  
**IMPR.:** \$238,966  
**TOTAL:** \$348,654

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of brick exterior construction with 3,592 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a 3,592 square foot full basement, central air conditioning, 3.5 bathrooms, and a 552 square foot garage. The property has an 8,000 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within 0.12 of a mile from the subject. The comparables are improved with 1-story homes ranging in size from 3,409 to 4,208 square feet of living area that are 33 or 34 years old. Each home has a 1,830 to 2,440 square foot basement, one of which has finished area, central air conditioning, 2.5 to 4.5 bathrooms, and a garage ranging in size from 483 to 913

square feet of building area. The comparables have improvement assessments ranging from \$204,191 to \$253,288 or from \$58.72 to \$60.26 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$348,654. The subject property has an improvement assessment of \$238,966 or \$66.53 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within 0.20 of a mile from the subject. The comparables are improved with 1-story homes ranging in size from 3,251 to 3,472 square feet of living area that are 31 or 33 years old. Each home has a 1,625 to 3,472 square foot basement, one of which has finished area, central air conditioning, 2.5 or 3 bathrooms, and a garage ranging in size from 483 to 782 square feet of building area. The comparables have improvement assessments ranging from \$206,749 to \$242,394 or from \$63.60 to \$69.81 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4, due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables, which are more similar to the subject in dwelling size, age, and location, with varying degrees of similarity in features, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$204,191 to \$242,394 or from \$59.90 to \$69.81 per square foot of living area. The subject's improvement assessment of \$238,966 or \$66.53 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, such as basement size, basement finish, bathroom count, and garage size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
