

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Long Ming Yik  
DOCKET NO.: 24-01522.001-R-1  
PARCEL NO.: 16-29-302-030

The parties of record before the Property Tax Appeal Board are Long Ming Yik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$57,612  
**IMPR.:** \$145,000  
**TOTAL:** \$202,612

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of brick exterior construction with 2,126 square feet of living area. The dwelling was constructed in 1977 and is approximately 47 years old. Features of the home include a basement with finished area, central air conditioning, and a 529 square foot garage. The property has an approximately 10,820 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within 0.53 of a mile from the subject. The comparables are improved with 1-story homes ranging in size from 1,738 to 2,461 square feet of living area that range in age from 62 to 68 years old. Each home has a basement with finished area, central air conditioning, and a garage ranging in size from 439 to 504 square feet of building area. The comparables have

improvement assessments ranging from \$92,407 to \$138,758 or from \$51.85 to \$56.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$209,641. The subject property has an improvement assessment of \$152,029 or \$71.51 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within 0.20 of a mile from the subject. The comparables are improved with 1-story homes with 2,027 or 2,095 square feet of living area that are 46 or 51 years old. Each home has a basement with finished area, central air conditioning, and a 550 or 625 square foot garage. The comparables have improvement assessments of \$144,730 or \$146,131 or \$69.08 or \$72.09 per square foot of living area, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are more similar to the subject tin dwelling size, age, location, and features. These comparables have improvement assessments of \$144,730 or \$146,131 or \$69.08 or \$72.09 per square foot of living area, respectively. The subject's improvement assessment of \$152,029 or \$71.51 per square foot of living area falls above the two best comparables in terms of total improvement assessment and is bracketed by the best comparables on a per square foot basis. However, after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is excessive. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
