

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Kevin Hoffmann
DOCKET NO.: 24-01577.001-R-1
PARCEL NO.: 11-16-401-023

The parties of record before the Property Tax Appeal Board are Kevin Hoffmann, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC, in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$52,154
IMPR.:	\$119,378
TOTAL:	\$171,532

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,956 square feet of living area. The dwelling was constructed in 1969 and is approximately 55 years old. Features of the home include a basement, central air conditioning, and a 480 square foot garage. The property has an approximately 25,958 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located from .25 of a mile to 1.58-miles from the subject. None of the comparables have the same assigned assessment neighborhood code as the subject. The parcels range in size from 9,549 to 13,138 square feet of land area which are each improved with two-story dwellings of frame, frame with brick, or brick with frame exterior construction. The dwellings range in age from 40 to 79 years old and range

in size from 1,942 to 2,306 square feet of living area. Each comparable has an unfinished basement and a garage ranging in size from 410 to 528 square feet of building area. Four comparables each have central air conditioning and a fireplace. The comparables sold from May to August 2024 for prices ranging from \$475,000 to \$610,000 or from \$234.00 to \$283.98 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced total assessment of \$116,696 which would reflect a market value of approximately \$350,088 or \$178.98 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,532. The subject's assessment reflects a market value of \$514,647 or \$263.11 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on three properties, where comparables #2 and #3 reflect recent sales. Since comparable #1 does not include recent sale data and will not be further analyzed in this overvaluation appeal. The two comparable sales are located in the same neighborhood code as the subject and within .40 of a mile from the subject. The parcels contain 10,108 and 14,173 square feet of land area and are each improved with a two-story dwelling of frame exterior construction. The homes are 45 and 47 years old, respectively, and contain 2,237 and 2,588 square feet of living area. Each comparable has a basement, central air conditioning, a fireplace, and either a 420 or 539 square foot garage. The comparables sold in April 2023 and June 2024 for prices of \$590,000 and \$750,000 or of \$263.75 and \$289.80 per square foot of living area, including land, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven suggested comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #5, due to their differing ages of 40 and 79 years old when compared to the 55-year-old subject. The Board has given reduced weight to board of review comparable #3, due to its larger dwelling size approximately 32% larger than the subject dwelling.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the issuance of this decision, the Department of Revenue has yet to publish Table 3 with the figures for tax year 2024.

The Board finds the best evidence of market value is found in the appellant's comparables #2, #3 and #4 as well as board of review comparable #2, which present varying degrees of similarity to the subject. The subject dwelling differs in age from all four of the best comparables, indicating adjustments would be appropriate to make them more equivalent to the subject. Likewise, there are differences in dwelling size, basement size, fireplace amenity, and garage capacity when compared to the subject which also necessitate adjustments. The best comparables sold from April 2023 to August 2024 for prices ranging from \$530,000 to \$590,000 or from \$234.00 to \$283.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$514,647 or \$263.11 per square foot of living area, including land, which is below the range of the best comparable sales in this record in terms of overall value and within the range on a per-square-foot of living area basis, including land.

Based on this evidence and after considering appropriate adjustments to the comparable sales in the record for differences from the subject to make the comparables more equivalent to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
