

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Asher Perzigian
DOCKET NO.: 24-01583.001-R-1
PARCEL NO.: 11-21-220-006

The parties of record before the Property Tax Appeal Board are Asher Perzigian, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC, in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

| | |
|---------------|-----------|
| LAND: | \$83,770 |
| IMPR.: | \$182,870 |
| TOTAL: | \$266,640 |

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,795 square feet of living area. The dwelling was constructed in 2010 and is approximately 14 years old. Features of the home include a basement, 3½ bathrooms, central air conditioning, two fireplaces, and a 737 square foot garage. The property has an approximately 10,790 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales, none of which are located in the same neighborhood code as the subject. The properties are located from 1.01 to 1.45-miles from the subject. Four of the parcels range in size from 10,652 to 39,022 square feet of land area and no lot size was provided for comparable #3. The properties are each improved with a two-story dwelling of frame exterior construction. The dwellings range in age from 30 to 48 years old and

range in size from 2,370 to 2,890 square feet of living area. Each comparable has an unfinished basement, 2½ bathrooms, central air conditioning, and a garage ranging in size from 400 to 552 square feet of building area. Four comparables each have a fireplace. The comparables sold from May to August 2024 for prices ranging from \$510,000 to \$750,000 or from \$215.19 to \$289.80 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$236,620 which reflects a market value of \$709,931 or \$254.00 per square foot of living area, including land, using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$266,640. The subject's assessment reflects a market value of \$800,000 or \$286.23 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located in the same neighborhood code and within .19 of a mile from the subject. The parcels range in size from 8,013 to 9,100 square feet of land area which are each improved with two-story dwellings of frame exterior construction. The dwellings range in age from 3 to 55 years old and range in size from 2,684 to 3,188 square feet of living area. Each comparable has a basement, one of which is finished, 3 or 3½ bathrooms, central air conditioning, one or two fireplaces, and a garage ranging in size from 440 to 574 square feet of building area. The comparables sold from November 2022 to June 2024 for prices ranging from \$860,000 to \$1,100,000 or from \$313.52 to \$383.81 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables and board of review comparable #2, due to the differences in age and/or location when compared to the subject dwelling.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the issuance of this decision, the Department of Revenue has yet to publish Table 3 with the figures for tax year 2024.

The Board finds the best evidence of market value board of review comparables #1 and #3, which are similar to the subject in story height, foundation type, bathroom count, central air conditioning, and garage amenity and are relatively similar to the subject in dwelling size and fireplace feature. The differences in age, dwelling size, basement size, basement finish, fireplace count, and/or garage size when compared to the subject necessitate adjustments to make them more equivalent to the subject. These best comparables sold in November 2022 and July 2023 for prices of \$860,000 and \$999,500 or of \$313.52 and \$320.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$800,000 or \$286.23 per square foot of living area, including land, which is below the best comparable sales in this record both in terms of overall value and on a per-square-foot of living area basis.

Based on this evidence and after considering appropriate adjustments to the best comparable sales in the record for differences from the subject to make the comparables more equivalent to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
