

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Keith Anthony
DOCKET NO.: 24-01637.001-R-1
PARCEL NO.: 05-15-400-036

The parties of record before the Property Tax Appeal Board are Keith Anthony, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$25,561
IMPR.:	\$60,694
TOTAL:	\$86,255

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,020 square feet of living area. The dwelling was constructed in 1967 and has a reported effective age of 1975. Features of the home include a walk-out basement with finished area, central air conditioning, a fireplace and a 768 square foot garage. The property has a 65,340 square foot site and is located in Ingleside, Grant Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within .26 of a mile from the subject property. The comparables are 1-story dwellings of frame or brick exterior construction ranging in size from 1,040 to 1,280 square feet of living area that were constructed from 1958 to 1997. The dwellings have basements, one of which is a walk-out with finished area. Two homes have central air conditioning and one fireplace. One comparable has a

462 square foot garage. These properties have improvement assessments ranging from \$50,209 to \$66,790 or from \$47.41 to \$61.16 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,255. The subject property has an improvement assessment of \$60,694 or \$59.50 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on the same three assessment equity comparables that were submitted and described by the appellant. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on the same three assessment equity comparables for the Board's consideration. The Board gives less weight to the common comparable #3 which has a significantly larger dwelling size when compared to the subject. The Board gives most weight to common comparables #1 and #2 which are most similar to the subject in dwelling size. However, both comparables are newer dwellings suggesting downward adjustments are necessary to make them more equivalent to the subject. Conversely, comparable #1 lacks finished basement area, central air conditioning, a fireplace and a garage while comparable #2 has a smaller garage suggesting upward adjustments have to be applied to make these comparables more equivalent to the subject. These comparables have improvement assessments of \$50,209 and \$66,790 or \$48.28 and \$61.16 per square foot of living area. The subject's improvement assessment of \$60,694 or \$59.50 per square foot of living area is bracketed by the best comparables in this record. Based on this record and after considering the adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
