

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Basgall
DOCKET NO.: 24-01657.001-R-2
PARCEL NO.: 12-28-203-006

The parties of record before the Property Tax Appeal Board are Barbara Basgall, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$159,299
IMPR.: \$405,817
TOTAL: \$565,116

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,800 square feet of living area. The dwelling was constructed in 1964 and is approximately 60 years old. Features of the home include a basement, central air conditioning and a 672 square foot garage. The property has a 25,150 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located from .34 of a mile to 1.59 miles from the subject and have the same neighborhood code as the subject. The comparables have sites ranging in size from 13,076 to 23,631 square feet of land area and are improved with 1.5-story to 2-story dwellings of frame exterior construction ranging in size from 3,212 to 4,388 square feet of living area. The homes are 49 to 105 years old. The homes each have a basement;

four homes have central air conditioning; and each home has a garage ranging in size from 484 to 890 square feet of building area. The comparables sold from February 2022 to May 2024 for prices ranging from \$782,500 to \$1,750,000 or from \$243.62 to \$409.60 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$565,116. The subject's assessment reflects a market value of \$1,695,518 or \$446.19 per square foot of living area, land included, when using the statutory level of assessment of 33.33%¹.

In support of its contention of the correct assessment, the board of review submitted information on two comparable sales with the same neighborhood code as the subject. The comparables have sites with 24,702 or 36,620 square feet of land area and are improved with 2-story dwellings of frame exterior construction with 3,383 and 3,830 square feet of living area. The homes were built in 1955 and 1985. Each home has a basement, central air conditioning and a garage with 506 or 864 square feet of building area. The comparables sold in December 2022 and November 2023 for prices of \$1,790,000 and \$1,801,000 or \$467.36 and \$532.37 per square foot of living area, land included. Based on this evidence, the board of review requested a confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, #3 and #5 which sold less proximate in time to the January 1, 2024, assessment date than the other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable #4 along with the board of review comparables which sold more proximate in time to the assessment date at issue and have varying degrees of similarity to the subject in site size, age, dwelling size and features. The best comparables sold from December 2022 to May 2024 for prices ranging from \$1,400,000 to \$1,801,000 or from \$409.60 to \$532.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,695,518 or \$446.19 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the best comparables in this record for

differences from the subject, the Board finds that the appellant did not demonstrate by a preponderance of the evidence that the subject property is overvalued. Therefore, based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
