

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Amy Kendall
DOCKET NO.: 24-01742.001-R-1
PARCEL NO.: 11-16-419-017

The parties of record before the Property Tax Appeal Board are Amy Kendall, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$78,521
IMPR.:	\$279,868
TOTAL:	\$358,389

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,451 square feet of living area. The dwelling was built in 2004. Features of the home include a basement, central air conditioning, four fireplaces and a garage with 518 square feet of building area. The property has an approximately 5,225 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales. The comparables are located in the same assessment neighborhood code as the subject and within .13 of a mile from the subject property. The comparables have sites that range in size from 5,223 to 7,500 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,689 to 3,912 square feet of living area. The dwellings were built from 1990 to 2008. Each comparable has a basement with finished area, central air conditioning, from one to three fireplaces and a garage ranging in size from 400 to 529 square feet of building area.

The comparables sold from January 2022 to June 2024 for prices ranging from \$750,000 to \$1,129,900 or from \$202.59 to \$310.52 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$358,389. The subject's assessment reflects a market value of \$1,075,275 or \$311.58 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales. The comparables are located in the same assessment neighborhood as the subject and within .31 of a mile from the subject property. The comparables have sites ranging in size from 7,601 to 10,536 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 3,202 to 3,926 square feet of living area. The dwellings were each built in 2002. Each comparable has a basement, central air conditioning, from one to four fireplaces and a garage ranging in size from 624 to 985 square feet of building area. The comparables sold from February to May 2024 for prices ranging from \$1,225,000 to \$1,250,000 or from \$312.02 to \$388.66 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant's counsel asserted board of review comparable #1 was rehabilitated in 2008 and has a fully finished basement; comparable #2 had a complete rehab in 2021 and has a fully finished basement; and comparable #3 has a finished basement and a finished attic, but did not provide any substantive documentary evidence in support of these claims.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board has given less weight to appellant's comparables #2 and #4 as well as board of review comparable #3 due to their differences from the subject in dwelling size and/or age. The Board has given reduced weight to appellant's comparables #1 and #5 due to their more remote sale dates occurring in 2022, which is less proximate in time to the January 1, 2024 assessment date given other sales available in the record.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2024.

The Board finds the best evidence of market value to be appellant's comparable #3 along with board of review comparables #1 and #2. The Board finds that these comparables sold more proximate to the January 1, 2024, assessment date and are most similar to the subject in location, age, dwelling size, design, and some features. Although these best comparables have larger sites relative to the subject, suggesting downward adjustments is needed to make these comparables more equivalent to the subject. Nevertheless, these most similar comparables sold from November 2023 to May 2024 for prices ranging from \$932,000 to \$1,250,000 or from \$291.61 to \$388.66 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,075,275 or \$311.58 per square foot of living area, including land, which falls within the range of the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
