

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jitendra Patel  
DOCKET NO.: 24-01750.001-R-1  
PARCEL NO.: 11-22-206-013

The parties of record before the Property Tax Appeal Board are Jitendra Patel, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$82,106  
**IMPR.:** \$221,278  
**TOTAL:** \$303,384

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 4,029 square feet of living area. The dwelling was built in 1996. Features of the home include a basement, central air conditioning, two fireplaces and a garage with 672 square feet of building area. The property has an approximately 20,169 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales. The comparables are located in the same assessment neighborhood code as the subject and within .33 of a mile from the subject property. The comparables have sites that range in size from 20,522 to 28,525 square feet of land area. The comparables are improved with 2-story dwellings of brick and frame exterior construction ranging in size from 3,586 to 5,676 square feet of living area. The dwellings were built from 1996 to 1999. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 748 to 873 square feet of

building area. The comparables sold from June 2021 to November 2022 for prices ranging from \$740,000 to \$1,100,000 or from \$193.63 to \$211.14 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$303,384. The subject's assessment reflects a market value of \$910,243 or \$225.92 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales. The comparables are located within .66 of a mile from the subject property with one comparable located in the same assessment neighborhood code as the subject. The comparables have sites ranging in size from 20,962 to 36,251 square feet of land area. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 3,547 to 3,829 square feet of living area. The dwellings were built from 1989 to 1999. Each comparable has a basement, central air conditioning, from one to four fireplaces and a garage ranging in size from 765 to 851 square feet of building area. The comparables sold from June 2022 to June 2023 for prices ranging from \$860,000 to \$1,006,000 or from \$225.25 to \$262.73 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant's counsel asserted board of review comparable #1 has an updated kitchen and a fully finished basement, but did not provide any substantive documentary evidence in support of this claim; and comparables #2 and #3 are not located in the same assessment neighborhood as the subject and are not reliable/valid comparables.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables as well as board of review comparable #3 due to their more remote sale dates occurring in 2021 and 2022, which is less proximate in time to the January 1, 2024 assessment date given other sales available in the record.

The Board finds the best evidence of market value to be with board of review comparables #1 and #2. The Board finds that these comparables sold more proximate to the January 1, 2024,

<sup>1</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2024.

assessment date and are most similar to the subject in location, age, design, and some features. However, both comparables are smaller in dwelling size and each have larger lot sizes, suggesting adjustments would be required to make these two comparables more equivalent to the subject. Nevertheless, these two most similar comparables sold in March and June 2023 for prices of \$875,000 and \$1,006,000 or \$246.69 and \$262.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$910,243 or \$225.92 per square foot of living area, including land, is bracketed by the two best comparable sales in this record on an overall market value but below on a price per square foot basis. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
