

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Krickl  
DOCKET NO.: 24-01782.001-R-1  
PARCEL NO.: 06-27-209-002

The parties of record before the Property Tax Appeal Board are John Krickl, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$24,079  
**IMPR.:** \$93,400  
**TOTAL:** \$117,479

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 1,998 square feet of living area. The dwelling was constructed in 1993 and is approximately 31 years old. Features of the home include a basement with finished area, central air conditioning, 2.5 bathrooms, and a 460 square foot garage. The property has a 10,590 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within 0.28 of a mile from the subject. The comparables are improved with 2-story homes with 1,998 square feet of living area that were built in 1992. Each home has a basement with finished area, central air conditioning, from 2.5 to 3.5 bathrooms, and a 460 square foot garage. The comparables have improvement assessments ranging from \$86,795 to

\$94,010 or from \$43.44 to \$47.05 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$90,508.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,737. The subject property has an improvement assessment of \$94,658 or \$47.38 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within 0.15 of a mile from the subject. The comparables are improved with 2-story homes with 1,998 square feet of living area that are 32 years old. Each home has a basement, two of which have finished area, central air conditioning, 2.5 or 3.0 bathrooms, and a 460 square foot garage. The comparables have improvement assessments ranging from \$93,513 to \$94,158 or from \$46.80 to \$47.13 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #1, which lacks finished basement area that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables, #2 and #3, which are similar or identical to the subject in dwelling size, age, location, and features, although three of these comparables differ from the subject in bathroom count, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$86,795 to \$94,158 or from \$43.44 to \$47.13 per square foot of living area. The subject's improvement assessment of \$94,658 or \$47.38 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
