

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mahendran Ravichandran

DOCKET NO.: 24-01809.001-R-1

PARCEL NO.: 15-05-103-112

The parties of record before the Property Tax Appeal Board are Mahendran Ravichandran, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC, in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$37,127
IMPR.:	\$74,699
TOTAL:	\$111,826

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,676 square feet of living area. The dwelling was constructed in 1995 and is approximately 29 years old. Features of the home include a basement with finished area, central air conditioning, and a 440 square foot garage. The property has a 4,792 square foot site and is located in Mundelein, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located in the same neighborhood code and within .14 of a mile from the subject. The parcels contain either 3,485 or 3,920 square feet of land area which are each improved with a two-story dwelling of frame exterior construction. The dwellings are either 29 or 30 years old and contain either 1,760 or 1,782 square feet of living area. Each comparable has a basement, two of which have finished area,

central air conditioning, a fireplace, and either a 440 or 484 square foot garage. The comparables sold from November 2022 to December 2023 for prices ranging from \$336,500 to \$345,555 or from \$190.80 to \$193.91 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$109,488 which reflects a market value of \$328,497 or \$196.00 per square foot of living area, including land, using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,826. The subject's assessment reflects a market value of \$335,512 or \$200.19 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located in the same neighborhood code and within .23 of a mile from the subject. Board of review comparable #3 is the same property as appellant's comparable #2. The parcels range in size from 3,485 to 4,792 square feet of land area which are each improved with two-story dwellings of frame exterior construction. The dwellings are 28 or 29 years old and range in size from 1,676 to 1,782 square feet of living area. Each comparable has a basement, one of which has finished area, central air conditioning, and a garage of either 440 or 484 square feet of building area. Two comparables each have a fireplace. The comparables sold from September 2023 to August 2024 for prices ranging from \$340,000 to \$375,000 or from \$190.80 to \$213.07 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five suggested comparable sales, one of which was common to both parties, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #2/board of review comparable #3 along with board of review comparable #1, due to the lack of finished basement area which is a feature of the subject dwelling.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the issuance of this decision, the Department of Revenue has yet to publish Table 3 with the figures for tax year 2024.

The Board finds the best market value evidence in the record consists of appellant's comparables #1 and #3 as well as board of review comparable #2, which are each similar to the subject in location, age, design, exterior construction, basement size and finished area, along with garage capacity. Each of these best comparables necessitate upward adjustments for smaller lot sizes of more than 1,000 square feet of land area, when compared to the subject. The comparables also need adjustments for slightly larger dwelling sizes as compared to the subject. In addition, two comparables necessitate downward adjustments for fireplace amenities, which is not a feature of the subject dwelling. These best comparables sold from November 2022 to August 2024 for prices ranging from \$336,500 to \$375,000 or from \$191.19 to \$213.07 per square foot of living area, including land. The subject's assessment reflects a market value of \$335,512 or \$200.19 per square foot of living area, including land, which is below the range of the best comparable sales in this record in terms of overall value and within the range on a per-square-foot of living area basis, despite the fact that the subject has a larger lot size than each of these three best comparables.

Based on this evidence and after considering appropriate adjustments to the best comparable sales in the record for differences from the subject to make the comparables more equivalent to the subject, the Board finds a reduction in the subject's assessment is not justified on grounds of overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
