

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mikhail Karlinsky
DOCKET NO.: 24-01811.001-R-1
PARCEL NO.: 15-05-405-038

The parties of record before the Property Tax Appeal Board are Mikhail Karlinsky, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC, in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$26,102
IMPR.:	\$101,911
TOTAL:	\$128,013

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,868 square feet of living area. The dwelling was constructed in 1978 and is approximately 46 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 441 square foot garage. The property has a 6,363 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same neighborhood code and within .48 of a mile from the subject. The parcels range in size from 6,500 to 8,588 square feet of land area which are each improved with a two-story dwelling of frame exterior construction. The dwellings range in age from 47 to 49 years old and range in size from 1,836 to 2,191 square feet of living area. Each comparable has an unfinished basement, central air

conditioning, and either a 441 or 471 square foot garage. Three comparables each have a fireplace. The comparables sold from June to September 2023 for prices ranging from \$375,000 to \$425,000 or from \$193.98 to \$206.97 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$126,389 which reflects a market value of \$379,205 or \$203.00 per square foot of living area, including land, using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$128,013. The subject's assessment reflects a market value of \$384,077 or \$205.61 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in the same neighborhood code and within .43 of a mile from the subject. The parcels range in size from 7,200 to 10,890 square feet of land area and are each improved with two-story dwellings of frame exterior construction. The dwellings are 47 or 49 years old and contain 1,868 square feet of living area. Each comparable has a basement, with finished area, central air conditioning, and a 441 square foot garage. Three comparables each have a fireplace. The comparables sold from April 2022 to May 2025 for prices ranging from \$420,000 to \$513,500 or from \$224.84 to \$274.89 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables, due to the lack of finished basement area which is a feature of the subject dwelling and, furthermore, appellant's comparable #3 is approximately 17% larger in dwelling size than the subject. The Board has given reduced weight to board of review comparable #3, which appears to be an outlier sale price given the other seven sales in the record as compared to this sale in excess of \$500,000.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the issuance of this decision, the Department of Revenue has yet to publish Table 3 with the figures for tax year 2024.

The Board finds the best market value evidence in the record consists of board of review comparables #1, #3 and #4, which are each similar to the subject in location, age, design, exterior construction, identical in dwelling size, similar in basement size and has finished area, along with having an identical garage capacity. These best comparables sold from April 2022 to January 2024 for prices ranging from \$420,000 to \$460,000 or from \$230.19 to \$246.25 per square foot of living area, including land. The subject's assessment reflects a market value of \$384,077 or \$205.61 per square foot of living area, including land, which is both below the range of the best comparable sales in this record in terms of overall value and on a per-square-foot of living area basis.

Based on this evidence and after considering appropriate adjustments to the best comparable sales in the record for differences from the subject to make the comparables more equivalent to the subject, the Board finds a reduction in the subject's assessment is not justified on grounds of overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
