

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Erica Dote
DOCKET NO.: 24-01821.001-R-1
PARCEL NO.: 15-21-219-089

The parties of record before the Property Tax Appeal Board are Erica Dote, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC, in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$29,307
IMPR.:	\$88,348
TOTAL:	\$117,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,460 square feet of living area. The dwelling was constructed in 2010 and is approximately 14 years old. Features of the home include a finished basement, central air conditioning, and a 400 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales, none of which are located in the same neighborhood code as the subject. The comparables are from 1.29 to 1.95-miles from the subject. The parcels are each improved with a two-story dwelling of frame exterior construction. The dwellings are 38 to 45 years old and range in size from 1,174 to 1,646 square feet of living area. No foundation or finished basement data was provided in the appellant's grid analysis. Features include central air conditioning, and a garage ranging in size ranging from 190 to 441

square feet of building area. Four comparables each have a fireplace. The comparables sold from August 2023 to June 2024 for prices ranging from \$260,000 to \$339,000 or from \$205.95 to \$230.51 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$108,029 which reflects a market value of \$324,119 or \$222.00 per square foot of living area, including land, using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,655. The subject's assessment reflects a market value of \$353,000 or \$241.78 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in the same neighborhood code, on the same street, and within .11 of a mile from the subject. The parcels are each improved with a two-story dwelling of frame exterior construction. The dwellings are either 17 or 18 years old and contain either 1,460 or 1,636 square feet of living area. Each comparable has a basement, three of which have finished area. Features include central air conditioning, and a garage of either 400 or 420 square feet of building area. Two comparables each have a fireplace. The comparables sold from June 2022 to February 2024 for prices ranging from \$355,000 to \$457,000 or from \$243.15 to \$279.34 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables, due to their distances of over a mile from the subject and their ages of 38 to 45 years old as compared to the subject that is 14 years old. The Board has given reduced weight to board of review comparable #3, due to the lack of finished basement area, which is a feature of the subject property.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the issuance of this decision, the Department of Revenue has yet to publish Table 3 with the figures for tax year 2024.

The Board finds the best market value evidence in the record consists of board of review comparables #1, #2 and #4, which are each similar to the subject in location, design, exterior construction, foundation type, finished basement and some features. Each of these best comparables necessitate adjustments for older ages when compared to the subject. These best comparables sold from June 2022 to February 2024 for prices ranging from \$355,000 to \$454,000 or from \$243.15 to \$277.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$353,000 or \$241.78 per square foot of living area, including land, which is below the best comparable sales in this record both in terms of overall value and on a per-square-foot of living area basis, despite that the subject dwelling is newer than each of these best comparables.

Based on this evidence and after considering appropriate adjustments to the best comparable sales in the record for differences from the subject to make the comparables more equivalent to the subject, the Board finds a reduction in the subject's assessment is not justified on grounds of overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
