

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mariann Weiss
DOCKET NO.: 24-01845.001-R-1
PARCEL NO.: 15-36-403-004

The parties of record before the Property Tax Appeal Board are Mariann Weiss, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$96,461
IMPR.: \$130,240
TOTAL: \$226,701

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,142 square feet of living area. The dwelling was constructed in 1996 and is approximately 28 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace and a 398 square foot garage. The property has an 11,787 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that have same assessment neighborhood code as the subject and are located within .26 of a mile from the subject property. The comparables have sites that range in size from 10,340 to 12,375 square feet of land area.

¹ The board of review disclosed the subject dwelling has 1,089 square feet of basement finish, which was not refuted by the appellant.

The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,108 to 3,181 square feet of living area. The dwellings are from 28 to 30 years old. The comparables each have a basement, central air conditioning and a garage containing 464 or 505 square feet of building area. Two comparables each have a fireplace. The comparables sold in June and November 2022 for prices ranging from \$600,000 to \$690,000 or from \$188.62 to \$222.01 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$204,210, which would reflect a market value of \$612,691 or \$195.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$226,701. The subject's assessment reflects a market value of \$680,171 or \$216.48 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that are located within approximately .47 of a mile from the subject property, two of which have the same assessment neighborhood code as the subject. The board of review's comparable #3 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 10,340 to 87,552 square feet of land area. The comparables are improved with two-story dwellings of frame or brick exterior construction ranging in size from 3,108 to 7,723 square feet of living area. The dwellings were built from 1969 to 1997. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, one or three fireplaces and a garage ranging in size from 464 to 1,118 square feet of building area. The comparables sold from June 2021 to December 2023 for prices ranging from \$690,000 to \$1,400,000 or from \$181.28 to \$259.35 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted five comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to the appellant's comparables #1 and #2, as well as board of review comparable #2 due to their sale dates occurring 18 or 30 months prior to the lien date at issue and are thus less likely to be indicative of the subject's market value

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

as of the January 1, 2024 assessment date. Additionally, board of review comparable #2 differs significantly from the subject in site size, dwelling size and age.

The Board finds the appellant's comparable#3/board of review comparable #3 and board of review comparable #1 have sale dates that occurred more proximate in time to the January 1, 2024 assessment date at issue. These two comparables are overall most similar to the subject in site size, dwelling size, design, age and some features. The comparables sold in November 2022 and December 2023 for prices of \$690,000 and \$825,000 or for \$222.01 and \$259.35 per square foot of living area, including land. The subject's assessment reflects a market value of \$680,171 or \$216.48 per square foot of living area, including land, which falls below the two best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
