

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim Koliatsis  
DOCKET NO.: 24-01852.001-R-1  
PARCEL NO.: 16-09-113-019

The parties of record before the Property Tax Appeal Board are Jim Koliatsis, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$84,961  
**IMPR.:** \$214,432  
**TOTAL:** \$299,393

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,653 square feet of living area.<sup>1</sup> The dwelling was constructed in 1966 and is approximately 58 years old. The dwelling has a reported effective age of 1989 due to remodeling in 2005. Features of the home include a basement with finished area, central air conditioning, a fireplace and a garage with 525 square feet of building area. The property has an approximately 14,450 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that have same assessment neighborhood code as the subject and are located within .30 of a mile from the subject property.

<sup>1</sup> The Board finds the best description of the subject is found in the subject's property record card submitted by the board of review, which was not refuted by the appellant.

The comparables have sites that range in size from approximately 12,750 to 18,927 square feet of land area. The comparables are improved with 1.75-story or 2-story dwellings of wood frame exterior construction ranging in size from 2,922 to 3,319 square feet of living area. The dwellings are from 48 to 60 years old. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 483 to 594 square feet of building area. The comparables sold from April 2023 to July 2024 for prices ranging from \$580,000 to \$732,000 or from \$198.49 to \$252.49 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$253,249, which would reflect a market value of \$759,823 or \$208.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$299,393. The subject's assessment reflects a market value of \$898,269 or \$245.90 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.<sup>2</sup>

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that have the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction containing 2,537 or 3,400 square feet of living area. The dwellings are from 48 to 58 years old. The comparables each have a basement with finished area, central air conditioning and one or two fireplaces. The board of review did not disclose if the comparables have garages. The comparables sold from March 2023 to May 2024 for prices ranging from \$730,000 to \$1,206,000 or from \$270.67 to \$354.71 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2, as well as board of review comparables #2, #3 and #4 due to their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #3 and board of review comparable #1, which sold proximate in time to the January 1, 2024 assessment date at issue and are overall more similar to the subject in location, site size, dwelling size, age and

<sup>2</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

some features. These two comparables sold in July and May 2024 for prices of \$838,000 and \$1,206,000 or for \$252.49 and \$354.71 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$898,269 or \$245.90 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record in terms of overall market value but below the comparables on a price per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
