

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Rothfeld
DOCKET NO.: 24-01937.001-R-1
PARCEL NO.: 16-32-410-003

The parties of record before the Property Tax Appeal Board are Eric Rothfeld, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,065
IMPR.: \$171,517
TOTAL: \$222,582

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,713 square feet of living area. The dwelling was constructed in 1974 and is approximately 50 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 515 square foot garage. The property has an approximately 9,516 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.51 of a mile from the subject property. Three comparables have sites that range in size from 10,799 to 16,200 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,318 to 3,013 square feet of living area. The dwellings range in age from 48 to 53 years old. Each comparable has a basement with "0" finished area, central

air conditioning, one fireplace and a garage ranging in size from 437 to 515 square feet of building area. The properties sold from February to November 2023 for prices ranging from \$460,000 to \$780,000 or from \$159.28 to \$267.47 per square foot of living area, land included.

The appellant also submitted a brief reiterating various characteristics of the subject and comparable properties. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$153,721¹ which reflects a market value of \$461,209 or \$170.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,582. The subject's assessment reflects a market value of \$667,813 or \$246.15 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.45 of a mile from the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4. The comparables have sites that range in size from 10,790 to 16,200 square feet of land area and are improved with 2-story dwellings of brick exterior construction ranging in size from 2,610 to 2,958 square feet of living area. The homes range in age from 47 to 52 years old. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning, one fireplace and a 440 or 483 square foot garage. The properties sold in June and August 2023 for prices ranging from \$780,000 to \$850,000 or from \$263.69 to \$325.67 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparables #1 and #2 which have a 0 square foot site size in contrast with the subject and other properties in the record.

¹ The appellant's appeal petition depicts a requested total assessment for the subject property of \$153,721 while the brief states a requested total assessment of \$195,316. Pursuant to section 1910.30(j) of the rules of the Property Tax Appeal Board, the assessment amount depicted on the appeal petition is controlling unless a contesting party submits an "Amended" petition setting forth a different assessment request. 86 Ill. Admin. Code §1910.30(j).

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be appellant comparables #3, #4 and #5 along with the board of review comparables, including the common property, which are more similar to the subject in location, age, design, dwelling size and some features. However, these properties present varying degrees of similarity to the subject in site size and basement finished area, suggesting adjustments are needed to make these properties more equivalent to the subject. These comparables sold from February to November 2023 for prices ranging from \$620,000 to \$850,000 or from \$232.40 to \$325.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$667,813 or \$246.15 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
