

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivas Challuri
DOCKET NO.: 24-01954.001-R-1
PARCEL NO.: 15-28-303-076

The parties of record before the Property Tax Appeal Board are Srinivas Challuri, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,916
IMPR.: \$118,789
TOTAL: \$154,705

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,040 square feet of living area. The dwelling was constructed in 1985 and is approximately 39 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 420 square foot garage. The property has an approximately 6,825 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code and within 0.15 of a mile from the subject. The comparables are improved with 2-story dwellings of frame exterior construction with 2,040 square feet of living area that are 38 or 39 years old. Two comparables have a basement, with one having finished area. Each dwelling has central air conditioning and a 420 square foot garage. Two homes each have one fireplace. The comparables have

improvement assessments ranging from \$116,455 to \$123,124 or from \$54.77 to \$60.35 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$118,789 or \$58.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,552. The subject has an improvement assessment of \$127,636 or \$62.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within 0.34 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 1,966 to 2,165 square feet of living area. The homes were built from 1979 to 1987. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning and a garage ranging in size from 400 to 462 square feet of building area. The comparables have improvement assessments ranging from \$123,110 to \$136,460 or from \$62.62 to \$63.03 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #5 which lack a basement foundation like the subject. The Board gives less weight to the board of review's comparables which differ from the subject in age and/or are less similar to the subject in location and dwelling size than other properties in the record. The Board finds the best evidence of assessment equity to be appellant comparables #3 and #4 which are identical or nearly identical to the subject in location, age, dwelling size and other features. However, one of these comparables has a finished basement, unlike the subject, while the other comparable has a smaller unfinished basement when compared to the subject, suggesting adjustments are needed to make these comparables more equivalent to the subject. These two comparables have improvement assessments of \$116,455 and \$122,959 or \$57.09 and \$60.27 per square foot of living area. The subject's improvement assessment of \$127,636 or \$62.57 per square foot of living area falls above the two best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
