

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Odell  
DOCKET NO.: 24-01960.001-R-1  
PARCEL NO.: 04-18-307-004

The parties of record before the Property Tax Appeal Board are Judith Odell, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,383  
**IMPR.:** \$67,850  
**TOTAL:** \$82,233

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of vinyl siding exterior construction with 1,578 square feet of living area. The dwelling was constructed in 2003 and is approximately 21 years old. Features of the home include a basement, central air conditioning, one fireplace and a 484 square foot garage. The property has an approximately 10,019 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of frame exterior construction ranging in size from 1,540 to 1,629 square feet of living area. The homes are from 23 to 27 years old. Each comparable has a basement, central air conditioning and a 420 or 440 square foot garage. Three

dwelling each have one fireplace. The comparables have improvement assessments ranging from \$65,153 to \$68,744 or from \$41.45 to \$42.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$66,749 or \$42.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,889. The subject has an improvement assessment of \$70,506 or \$44.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story dwellings of vinyl siding exterior construction ranging in size from 1,296 to 1,322 square feet of living area. The homes are from 21 to 24 years old. Each comparable has a basement, central air conditioning, one fireplace and a 400 square foot garage. The comparables have improvement assessments ranging from \$57,914 to \$60,148 or from \$44.69 to \$45.50 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables which are less similar to the subject in dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments that range from \$65,153 to \$68,744 or from \$41.45 to \$42.90 per square foot of living area. The subject's improvement assessment of \$70,506 or \$44.68 per square foot of living area falls above the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
