

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Zull
DOCKET NO.: 24-01974.001-R-1
PARCEL NO.: 16-29-112-010

The parties of record before the Property Tax Appeal Board are David Zull, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,755
IMPR.: \$380,950
TOTAL: \$442,705

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,936 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 682 square foot garage. The property has a 21,682 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .51 of a mile from the subject. The comparables consist of 2-story dwellings of wood or brick exterior construction ranging in size from 4,773 to 5,269 square feet of living area. The homes were constructed from 2003 to 2007. Each dwelling has a basement with finished area, central air conditioning, one or two fireplaces, and a garage ranging in size

from 654 to 818 square feet of building area. The comparables have improvement assessments ranging from \$335,542 to \$384,342 or from \$70.30 to \$74.22 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$442,725. The subject property has an improvement assessment of \$380,950 or \$77.18 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .44 of a mile from the subject. The comparables consist of 2-story dwellings of wood siding or brick exterior construction ranging in size from 4,525 to 5,006 square feet of living area. The homes are 17 or 18 years old. Each dwelling has a basement, two of which have finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 781 to 1,295 square feet of building area. The comparables have improvement assessments ranging from \$355,588 to \$393,010 or from \$77.92 to \$78.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to board of review comparables #1 and #4 which lack finished basement area that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #2 and #3 that overall are more similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments that range from \$335,542 to \$393,010 or from \$70.30 to \$78.51 per square foot of living area. The subject's improvement assessment of \$380,950 or \$77.18 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
