

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Valsamma Mathew
DOCKET NO.: 24-01986.001-R-1
PARCEL NO.: 07-18-204-010

The parties of record before the Property Tax Appeal Board are Valsamma Mathew, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,690
IMPR.: \$118,121
TOTAL: \$138,811

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,482 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, four full bathrooms, and a 420 square foot garage. The property has a 9,583 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,372 to 2,428 square feet of living area. The homes are either 30 or 31 years old. Each dwelling has central air conditioning, an unfinished basement, two full and one

half or three full bathrooms, and a 462 square foot garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$106,016 to \$109,409 or from \$44.69 to \$45.27 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$111,951 or \$45.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,811. The subject property has an improvement assessment of \$118,121 or \$47.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .32 of a mile of the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,244 to 2,385 square feet of living area. The homes are either 29 or 30 years old. Each dwelling has central air conditioning, a basement with finished area, two full and one half or three full bathrooms, and a garage ranging in size from 420 to 682 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$106,662 to \$115,296 or from \$47.53 to \$48.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 13 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the comparables submitted by the appellant, each of which lacks finished basement area, a feature of the subject.

The Board finds the best evidence of assessment equity to be the comparables presented by the board of review, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$106,662 to \$115,296 or from \$47.53 to \$48.34 per square foot of living area. The subject's improvement assessment of \$118,121 or \$47.59 per square foot of living area falls above the range established by the best comparables in this record overall and within the range on a per-square-foot basis. The Board finds the subject's higher overall assessment is logical given the subject's four full bathrooms relative to the best comparables. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
