

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT:     Mobi Abraham  
DOCKET NO.:    24-01994.001-R-1  
PARCEL NO.:     07-21-307-033

The parties of record before the Property Tax Appeal Board are Mobi Abraham, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:**       \$18,973  
**IMPR.:**       \$92,956  
**TOTAL:**       \$111,929

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 1,588 square feet of living area. The dwelling was constructed in 1989 and is approximately 35 years old.<sup>1</sup> Features of the home include a basement with finished area, central air conditioning and a 400 square foot garage. The property has an approximately 10,001 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of frame exterior construction ranging in size

from 1,534 to 1,588 square feet of living area. The homes range in age from 34 to 36 years old. Each comparable has an unfinished basement and a 400 square foot garage. Eight dwellings have central air conditioning and six homes each have one fireplace. The comparables have improvement assessments ranging from \$85,269 to \$90,912 or from \$54.17 to \$57.25 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$88,150 or \$55.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,929. The subject has an improvement assessment of \$92,956 or \$58.54 per square foot of living area.

The board of review, through the Warren Township Assessor's Office, critiqued the appellant's comparables arguing each property has an unfinished basement and/or a smaller basement when compared to the subject.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story dwellings of frame exterior construction ranging in size from 1,536 to 1,584 square feet of living area that are 33 or 34 years old. Each comparable has a basement, three of which have finished area. Each dwelling has central air conditioning, one fireplace and a 400 square foot garage. The comparables have improvement assessments ranging from \$92,442 to \$97,737 or from \$58.36 to \$62.09 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #3 all of which have unfinished basement area in contrast to the subject's finished area.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4 which are more similar to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments ranging from \$95,147 to \$97,737 or from \$61.37 to \$62.09 per square foot of living area. The subject's improvement assessment of \$92,956 or \$58.54 per square foot of living area falls below the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
