

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gennadiy Kolesnykov
DOCKET NO.: 24-02012.001-R-1
PARCEL NO.: 10-23-402-018

The parties of record before the Property Tax Appeal Board are Gennadiy Kolesnykov, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,195
IMPR.: \$86,003
TOTAL: \$103,198

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 1,640 square feet of living area. The dwelling was constructed in 1992 and is approximately 32 years old. Features of the home include a full walkout basement with finished area, central air conditioning and a 400 square foot garage.¹ The property has a 4,289 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same neighborhood code and on the same street as the subject. The comparables consist of 2-story dwellings of wood frame exterior construction with each

containing 1,576 or 1,640 square feet of living area. The homes are 33 or 34 years old and have unfinished basements. Each home has central air conditioning and a garage with 264 or 400 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$75,653 to \$86,051 or from \$48.00 to \$52.47 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,198. The subject property has an improvement assessment of \$86,003 or \$52.44 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code, three of which on the same street as the subject. The comparables consist of 2-story dwellings of vinyl siding exterior construction ranging in size from 1,576 to 1,757 square feet of living area. The homes are 31 to 33 years old and have basements, three of which have finished area. Each dwelling has central air conditioning, one fireplace and a garage with 264 or 432 square feet of building area. The comparables have improvement assessments ranging from \$86,471 to \$93,930 or from \$51.54 to \$54.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 13 equity comparables to support their respective positions before the Property Tax Appeal Board which are similar to the subject in location, age, dwelling size and some features. However, the Board gives less weight to the appellant's comparables and board of review comparable #2 which lack finished basement area.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4 which have finished basement area. These comparables have improvement assessments ranging from \$86,471 to \$93,930 or from \$53.33 to \$54.87 per square foot of living area. The subject's improvement assessment of \$86,003 or \$52.44 per square foot of living area is below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
