

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pavel Leschinsky
DOCKET NO.: 24-02013.001-R-1
PARCEL NO.: 10-25-301-037

The parties of record before the Property Tax Appeal Board are Pavel Leschinsky, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,180
IMPR.: \$122,146
TOTAL: \$151,326

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,134 square feet of living area. The dwelling was constructed in 2007 and is approximately 17 years old. Features of the home include a basement with finished area, 4 baths, central air conditioning, a fireplace and a 609 square foot garage. The property has an 8,032 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located on the same street and within .09 of a mile from the subject. The comparables consist of 2-story dwellings of frame exterior construction ranging in size from 3,046 to 3,278 square feet of living area. The homes are 12 to 18 years old. Each dwelling has 2.5 to 3.5 baths, central air conditioning and a garage ranging in size from 420 to 880 square feet

of building area. Six comparables each have one fireplace. The comparables have improvement assessments ranging from \$111,946 to \$125,070 or from \$36.44 to \$39.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$151,326. The subject property has an improvement assessment of \$122,146 or \$38.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within .10 of a mile from the subject, two of which are on the same street as the subject. The comparables consist of 2-story dwellings of frame exterior construction ranging in size from 3,202 to 3,363 square feet of living area. The homes are 11 to 17 years old. Each dwelling has a basement with finished area, 2.5 or 3.5 baths, central air conditioning, and a garage ranging in size from 693 to 880 square feet of building area. The comparables have improvement assessments ranging from \$125,030 to \$127,781 or from \$37.29 to \$39.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables which lack finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which have finished basement area and are similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments that range from \$125,030 to \$127,781 or from \$37.29 to \$39.06 per square foot of living area. The subject's improvement assessment of \$122,146 or \$38.97 per square foot of living area falls within the range established by the best comparables in this record on a per square foot basis and below the range on an overall basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
