

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hobert De Guia  
DOCKET NO.: 24-02014.001-R-1  
PARCEL NO.: 10-25-410-039

The parties of record before the Property Tax Appeal Board are Hobert De Guia, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,492  
**IMPR.:** \$106,936  
**TOTAL:** \$124,428

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,227 square feet of living area. The dwelling was constructed in 1991 and is 33 years old. Features of the home include a basement, central air conditioning, and a 462 square foot garage. The property has an 8,401 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,132 to 2,313 square feet of living area. The homes range in age from 34 to 37 years old. Each dwelling has central air conditioning, a basement, and a garage containing either 420 or 441 square feet of building area.

One comparable has a fireplace. The comparables have improvement assessments ranging from \$96,254 to \$103,004 or from \$44.53 to \$45.44 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$100,928 or \$45.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,428. The subject property has an improvement assessment of \$106,936 or \$48.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables consist of two-story dwellings of vinyl siding exterior construction each containing 2,231 square feet of living area. The homes are either 33 or 34 years old. Each dwelling has central air conditioning, a fireplace, a basement, and a 462 square foot garage. The comparables have improvement assessments of either \$107,086 to \$108,302 or either \$48.00 or \$48.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$96,254 to \$108,302 or from \$44.53 to \$48.54 per square foot of living area. The subject's improvement assessment of \$106,936 or \$48.02 per square foot of living area is within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
