

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christophe Guiard
DOCKET NO.: 24-02023.001-R-1
PARCEL NO.: 11-20-410-019

The parties of record before the Property Tax Appeal Board are Christophe Guiard, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,439
IMPR.: \$99,604
TOTAL: \$166,043

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,951 square feet of living area. The dwelling was constructed in 1971 and is approximately 53 years old. Features of the home include central air conditioning, 3 bathrooms, and a 495 square foot garage. The property has a 10,406 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject, two of which are on the same street as the subject. The comparables are improved with split-level homes ranging in size from 1,779 to 2,187 square feet of living area and ranging in age from 53 to 56 years old. One home has a basement. Each home has central air conditioning, 1.5 or 3

bathrooms, and a garage ranging in size from 473 to 506 square feet of building area. The comparables have improvement assessments ranging from \$89,915 to \$106,805 or from \$46.26 to \$50.54 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$95,287.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,043. The subject property has an improvement assessment of \$99,604 or \$51.05 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within 0.46 of a mile from the subject. The comparables are improved with split-level homes ranging in size from 1,325 to 1,456 square feet of living area that were built from 1969 to 1972. Each home has a lower level or basement, central air conditioning, 1.5 or 2 bathrooms, and a garage ranging in size from 460 to 495 square feet of building area. The comparables have improvement assessments ranging from \$70,401 to \$76,499 or from \$51.69 to \$53.55 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparables for the Board's consideration. The Board gives less weight to the board of review's comparables, due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which are more similar to the subject in dwelling size, age, location, and features, although the subject has more bathrooms than two of these comparables, suggesting upward adjustments would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$89,915 to \$106,805 or from \$46.26 to \$50.54 per square foot of living area. The subject's improvement assessment of \$99,604 or \$51.05 per square foot of living area falls within the range established by the best comparables in terms of total improvement assessment and above the range on a per square foot basis, which appears to be supported after considering appropriate adjustments to the best comparables for differences from the subject, such as dwelling size and bathroom count. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
