

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Jacobson
DOCKET NO.: 24-02030.001-R-1
PARCEL NO.: 11-29-402-010

The parties of record before the Property Tax Appeal Board are Ron Jacobson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,275
IMPR.: \$307,861
TOTAL: \$388,136

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 4,784 square feet of living area. The dwelling was constructed in 2003 and is approximately 21 years old. Features of the home include a basement, central air conditioning, and a 775 square foot garage. The property has a 15,602 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within 0.10 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 4,491 to 5,166 square feet of living area and ranging in age from 15 to 21 years old. Each home has a basement, central air conditioning, and a garage ranging in size from 756 to 921 square feet of building area. The comaprables have improvement

assessments ranging from \$276,752 to \$316,576 or from \$53.57 to \$65.45 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$282,687.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$388,136. The subject property has an improvement assessment of \$307,861 or \$64.35 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within 0.10 of a mile from the subject. Comparable #1 is the same property as the appellant's comparable #4 described above. Comparable #2 is improved with a 2-story home with 4,837 square feet of living area that was built in 2005. The home has a basement, central air conditioning, and a 992 square foot garage. This comparable has an improvement assessment of \$311,259 or \$64.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables, with one common comparable, for the Board's consideration. The Board finds the comparables are similar to the subject in dwelling size, age, location, and most features, although one comparable has a much larger garage than the subject, suggesting a downward adjustment to this comparable would be needed to make it more equivalent to the subject. These comparables have improvement assessments that range from \$276,752 to \$316,576 or from \$53.57 to \$65.45 per square foot of living area. The subject's improvement assessment of \$307,861 or \$64.35 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
