

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Glenn Millet
DOCKET NO.: 24-02078.001-R-1
PARCEL NO.: 14-02-101-086

The parties of record before the Property Tax Appeal Board are Glenn Millet, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,806
IMPR.: \$185,945
TOTAL: \$223,751

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 4,122 square feet of living area. The dwelling was constructed in 2003 and is approximately 21 years old. Features of the home include a basement, central air conditioning, a 965 square foot garage, and an inground swimming pool.¹ The property has a 79,863 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject and within 0.16 of a mile from the subject. The comparables are improved with 2-story homes ranging in

size from 3,963 to 4,260 square feet of living area that are from 21 to 25 years old. Each home has a basement, central air conditioning, and a garage ranging in size from 651 to 953 square feet of building area. The comparables have improvement assessments ranging from \$169,828 to \$181,233 or from \$42.13 to \$43.46 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$176,628.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,751. The subject property has an improvement assessment of \$185,945 or \$45.11 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within 0.24 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 3,704 to 4,383 square feet of living area that were built from 2000 to 2003. Each home has a basement, central air conditioning, and a garage ranging in size from 660 to 770 square feet of building area. Comparables #1 and #2 each have an inground swimming pool. The comparables have improvement assessments ranging from \$166,859 to \$210,434 or from \$45.05 to \$48.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eleven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #3 through #6, which do not have an inground swimming pool like the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2, which are similar to the subject in dwelling size, age, location, and features, including having an inground swimming pool like the subject. These comparables have improvement assessments of \$186,835 and \$210,434 or \$48.15 and \$48.01 per square foot of living area, respectively. The subject's improvement assessment of \$185,945 or \$45.11 per square foot of living area falls below the two best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
