

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Trgovich
DOCKET NO.: 24-02080.001-R-1
PARCEL NO.: 14-03-102-032

The parties of record before the Property Tax Appeal Board are Andrew Trgovich, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,487
IMPR.: \$196,409
TOTAL: \$249,896

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,527 square feet of living area. The dwelling was constructed in 2018 and is approximately 6 years old. Features of the home include a basement, central air conditioning, and a 722 square foot garage. The property has a 14,243 square foot site and is located in Hawthorn Woods, Elia Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same assessment neighborhood code as the subject, eight of which are reported to be within 0.45 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 3,354 to 3,697 square feet of living area and ranging in age from 7 to 10 years old. Each home has a basement, central air conditioning, and a garage

ranging in size from 509 to 722 square feet of building area. The comparables have improvement assessments ranging from \$178,494 to \$199,242 or from \$52.79 to \$54.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$189,100.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,896. The subject property has an improvement assessment of \$196,409 or \$55.69 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on nine equity comparables located within the same assessment neighborhood code as the subject and within 0.32 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 3,180 to 3,769 square feet of living area that were built from 2015 to 2020. Each home has a basement, central air conditioning, and a garage ranging in size from 630 to 722 square feet of building area. The comparables have improvement assessments ranging from \$177,250 to \$211,070 or from \$55.74 to \$56.44 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eighteen equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the comparables presented by both parties, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$178,494 to \$211,070 or from \$52.79 to \$56.44 per square foot of living area. The subject's improvement assessment of \$196,409 or \$55.69 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
