

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Hyken
DOCKET NO.: 24-02083.001-R-1
PARCEL NO.: 14-03-102-045

The parties of record before the Property Tax Appeal Board are Todd Hyken, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,332
IMPR.: \$181,834
TOTAL: \$230,166

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,310 square feet of living area. The dwelling was constructed in 2018 and is approximately 6 years old. Features of the home include a lookout basement,¹ central air conditioning and a garage with 640 square feet of building area. The property has a 10,178 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that have the same assessment neighborhood code as the subject. Comparables #3 through #9 are located within .52 of a mile from the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in

size from 3,257 to 3,381 square feet of living area. The dwellings are from 7 to 9 years old. Each comparable has a basement, central air conditioning and a garage ranging in size from 509 to 640 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$174,789 to \$180,826 or from \$52.68 to \$53.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$176,406 or \$53.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$230,166. The subject has an improvement assessment of \$181,834 or \$54.93 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables that have the same assessment neighborhood code as the subject and are located within .27 of a mile from the subject property, four of which are also along the same street as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,195 to 3,502 square feet of living area. The dwellings were built in 2018 or 2019. Each comparable has a lookout basement, central air conditioning, a fireplace and a garage ranging in size from 486 to 770 square feet of building area. The comparables have improvement assessments that range from \$178,873 to \$194,535 or from \$55.03 to \$56.26 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 18 equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location, dwelling size, design and age. However, the comparables each have features with varying degrees of similarity, when compared to the subject and none of the appellant's comparables were reported to have a lookout basement, like the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$174,789 to \$194,535 or from \$52.68 to \$56.26 per square foot of living area. The subject property's improvement assessment of \$181,834 or \$54.93 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
