

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohammad Tariq
DOCKET NO.: 24-02092.001-R-1
PARCEL NO.: 14-11-408-005

The parties of record before the Property Tax Appeal Board are Mohammad Tariq, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,278
IMPR.: \$205,528
TOTAL: \$241,806

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,416 square feet of living area. The dwelling was constructed in 2003 and is approximately 21 years old. Features of the home include a walkout basement,¹ central air conditioning, two fireplaces and a garage with 732 square feet of building area. The property has a 39,972 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that have the same assessment neighborhood code as the subject. The appellant's comparables #1 through #5 are located within the same block as the subject, one of

which is also along the same street and comparables #6 through #9 are located from .23 to .44 of a mile from the subject property. The comparables are improved with two-story dwellings of brick, frame or brick and frame exterior construction ranging in size from 4,206 to 4,437 square feet of living area. The dwellings are from 21 to 36 years old. Each comparable has a basement, central air conditioning, one or three fireplaces and a garage ranging in size from 620 to 925 square feet of building area. The comparables have improvement assessments that range from \$186,666 to \$200,026 or from \$43.00 to \$46.02 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$200,089 or \$45.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$241,806. The subject has an improvement assessment of \$205,528 or \$46.54 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .41 of a mile from the subject property, two of which are also along the same street as the subject. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,980 to 4,819 square feet of living area. The dwellings were built from 2002 to 2005. The comparables each have a basement, two of which have either a walkout or a lookout design. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 628 to 772 square feet of building area. The comparables have improvement assessments that range from \$184,162 to \$235,152 or from \$46.06 to \$48.80 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 14 equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #8 and #9 due to their older dwelling ages, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #7, along with the five comparables submitted by the board of review which are similar to the subject in location, dwelling size, design and age. However, the comparables each have features with varying degrees of similarity, when compared to the subject and eleven of the twelve comparables were not reported to have a walkout basement, a superior feature of the subject, suggesting adjustments would be required to make the comparables more equivalent to

the subject. Nevertheless, the comparables have improvement assessments that range from \$184,162 to \$235,152 or from \$43.24 to \$48.80 per square foot of living area. The subject property's improvement assessment of \$205,528 or \$46.54 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
