

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Wawrzak
DOCKET NO.: 24-02115.001-R-1
PARCEL NO.: 13-12-101-046

The parties of record before the Property Tax Appeal Board are Mark Wawrzak, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,289
IMPR.: \$293,509
TOTAL: \$352,798

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,784 square feet of living area. The dwelling was constructed in 1991. Features of the home include a walkout basement with finished area, central air conditioning, two fireplaces and a garage with 782 square feet of building area.¹ The property has a 52,093 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that have the same assessment neighborhood code as the subject and are located within approximately .47 of a mile from the subject property. The comparables have sites that range in size from 44,719 to 88,069 square

¹ The subject's property record card revealed the subject has a walkout basement, which was not disclosed or refuted by the appellant

feet of land area. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 4,190 to 5,699 square feet of living area. The dwellings were built from 1990 to 2000. Each comparable has a basement with finished area, central air conditioning, from three to six fireplaces and a garage ranging in size from 888 to 1,301 square feet of building area. The comparables sold from January to August 2022 for prices ranging from \$740,000 to \$1,200,000 or from \$169.92 to \$210.56 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$317,147, which would reflect a market value of \$951,536 or \$198.90 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$352,798. The subject's assessment reflects a market value of \$1,058,500 or \$221.26 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that have the same assessment neighborhood code as the subject and are located within approximately .64 of a mile from the subject property. The comparables have sites that range in size from 40,347 to 64,243 square feet of land area. The comparables are improved with two-story dwellings of frame, brick and brick and frame exterior construction ranging in size from 4,422 to 5,071 square feet of living area. The dwellings were built from 1989 to 1998. The comparables each have a basement with finished area, three of which are walkouts. Each comparable has central air conditioning, from one to six fireplaces and a garage ranging in size from 782 to 1,214 square feet of building area. The comparables sold from June to December 2023 for prices ranging from \$1,050,000 to \$1,900,000 or from \$227.22 to \$394.85 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables due to their sale dates occurring in 2022, less proximate in time to the lien date at issue than other sales in the record. Additionally, the appellant's comparables #2, #4 and #5 differ from the subject dwelling in size. The Board has given reduced weight to board of review comparable #4, which sold for a significantly higher

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

price of \$1,900,000 or \$394.85 per square foot of living area, including land, than other sales in the record, indicating this sale may be an outlier.

The Board finds the best evidence of market value to be board of review comparables #1, #2, #3 and #5, which sold more proximate in time to the January 1, 2024 assessment date at issue and are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from June to December 2023 for prices ranging from \$1,050,000 to \$1,325,000 or from \$227.22 to \$261.29 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,058,500 or \$221.26 per square foot of living area, including land, which falls at the lower end of the range established by the best comparable sales in the record in terms of overall market value and below the range on a price per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
