

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivasu Poondru
DOCKET NO.: 24-02125.001-R-1
PARCEL NO.: 15-09-106-001

The parties of record before the Property Tax Appeal Board are Srinivasu Poondru, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,847
IMPR.: \$181,267
TOTAL: \$222,114

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,588 square feet of living area. The dwelling was constructed in 1989 and is 35 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 704 square foot garage. The property has a 15,978 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the subject's assessment neighborhood and within .27 of a mile of the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 3,588 to 3,630 square feet of living area. The homes range in age from 33 to 36 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement with

eight having finished area, and either a 506 or 726 square foot garage. The comparables have improvement assessments ranging from \$148,872 to \$212,566 or from \$41.49 to \$59.01 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$163,541 or \$45.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$222,114. The subject property has an improvement assessment of \$181,267 or \$50.52 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's assessment neighborhood and within .2 of a mile of the subject. Comparables #3 and #4 are the same properties as the appellant's comparables #5 and #7, respectively. The comparables consist of two-story dwellings of frame exterior construction containing either 3,588 or 3,602 square feet of living area. The homes were built from 1989 to 1992. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 506 to 1,178 square feet of building area. The comparables have improvement assessments ranging from \$184,561 to \$191,402 or from \$51.44 to \$53.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 equity comparables to support their respective positions before the Property Tax Appeal Board, with two comparables being common to the parties. The Board gives less weight to the appellant's comparable #5/board of review comparable #3 and board of review comparables #2 and #5, which lack basement finish, a feature of the subject. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$148,872 to \$212,566 or from \$41.49 to \$59.01 per square foot of living area. The subject's improvement assessment of \$181,267 or \$50.52 per square foot of living area is within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
