

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judd Sager
DOCKET NO.: 24-02141.001-R-1
PARCEL NO.: 15-16-102-010

The parties of record before the Property Tax Appeal Board are Judd Sager, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,220
IMPR.: \$219,211
TOTAL: \$246,431

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,926 square feet of living area. The dwelling was constructed in 1992 and is 32 years old. Features of the home include a basement, central air conditioning, two fireplaces, and a 684 square foot garage. The property has a 12,459 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the subject's assessment neighborhood and within .22 of a mile of the subject. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,764 to 3,952 square feet of living area. The homes range in age from 24 to 35 years old. Each dwelling has central air conditioning, one or three

fireplaces, a basement, and a garage ranging in size from 596 to 720 square feet of building area. The comparables have improvement assessments ranging from \$161,190 to \$228,480 or from \$41.06 to \$59.00 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$200,422 or \$51.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$246,431. The subject property has an improvement assessment of \$219,211 or \$55.84 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within the subject's assessment neighborhood and within .15 of a mile of the subject. Comparable #2 is the same property as the appellant's comparable #1. The comparables consist of two-story dwellings of frame exterior construction containing either 3,773 or 4,092 square feet of living area. The homes were built in 1998 and 2013. Each dwelling has central air conditioning, a fireplace, a basement, and a garage containing either 628 or 690 square feet of building area. The comparables have improvement assessments of \$222,621 and \$229,004 or \$55.96 and \$59.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the board of review's comparable #1, which differs from the subject in age.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, including the shared comparable, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments ranging from \$161,190 to \$228,480 or from \$41.06 to \$59.00 per square foot of living area. The subject's improvement assessment of \$219,211 or \$55.84 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
