

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Gibbs
DOCKET NO.: 24-02157.001-R-1
PARCEL NO.: 15-14-204-011

The parties of record before the Property Tax Appeal Board are Lisa Gibbs, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Lake County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,708
IMPR.: \$144,278
TOTAL: \$226,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,626 square feet of living area. The dwelling was built in 1986 and is approximately 38 years old. Features of the home include a 1,340 square foot basement with 1,005 square feet of finished area, central air conditioning, two full baths, two half baths, one fireplace and a garage with 690 square feet of building area. The property has a 21,384 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that have the same assessment neighborhood code as the subject and are located within .5 of a mile from the subject property. The comparables are improved with two-story dwellings of frame, brick or brick and frame exterior construction ranging in size from 2,625 to 3,186 square feet of living area. The dwellings are from 38 to 46 years old. The comparables

each have a 1,016 to a 1,742 square foot basement, five of which have 509 to 1,280 square feet of finished area. Each comparable has central air conditioning, two or three full baths, one half bath, one or two fireplaces and a garage ranging in size from 400 to 702 square feet of building area. Three comparables each have a gazebo. The comparables have improvement assessments that range from \$121,427 to \$140,910 or from \$39.90 to \$50.80 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$126,447 or \$48.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$226,986. The subject property has an improvement assessment of \$144,278 or \$54.94 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .35 of a mile from the subject property. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction ranging in size from 2,535 to 2,766 square feet of living area. The dwellings were built in 1984 or 1988. The comparables each have a 1,190 to a 1,341 square foot basement with 730 to 905 square feet of finished area, central air conditioning, two or three full baths, one half bath, one fireplace and a garage ranging in size from 420 to 552 square feet of building area. The comparables have improvement assessments that range from \$158,710 to \$169,449 or from \$60.86 to \$66.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on thirteen comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #4, #5, #6, #8 and #9 which lack basement finish, a feature of the subject and/or they have a larger dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3 and #7, along with the four comparables submitted by the board of review, which have basement finish, like the subject and are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$123,731 to \$169,449 or from \$45.41 to \$66.84 per square foot of living area. The subject's improvement assessment of \$144,278 or \$54.94 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the

best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
