

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Brauch
DOCKET NO.: 24-02165.001-R-1
PARCEL NO.: 13-16-406-003

The parties of record before the Property Tax Appeal Board are Robert Brauch, the appellant, by attorney Andrew J. Rukavina of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,697
IMPR.: \$223,077
TOTAL: \$264,774

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick exterior construction with 4,639 square feet of living area.¹ The dwelling was constructed in 1991. Features of the home include a basement with finished area, central air conditioning, a fireplace and a garage with 834 square feet of building area. The property has a 51,493 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that have the same assessment neighborhood code as the subject and are located from .07 of a mile to 2.64 miles from the subject property. The comparables have sites that range in size from 41,682 to 280,090 square

¹ The parties differ as to the size of the subject dwelling. The Board finds the best evidence of the subject's dwelling size is found in the subject's property information printout provided by the board of review.

feet of land area. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 4,381 to 5,429 square feet of living area. The dwellings were built from 1991 to 2007. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, one to five fireplaces and a garage ranging in size from 770 to 1,121 square feet of building area. The comparables sold from February 2021 to April 2022 for prices ranging from \$699,901 to \$875,000 or from \$159.76 to \$164.15 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$251,401, which would reflect a market value of \$754,278 or \$162.60 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$264,774. The subject's assessment reflects a market value of \$794,401 or \$171.24 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that have the same assessment neighborhood code as the subject and are located from approximately 2.67 to 2.81 miles from the subject property. The comparables have sites that range in size from 80,150 to 107,593 square feet of land area. The comparables are improved with two-story dwellings of frame or frame and brick exterior construction ranging in size from 4,104 to 4,700 square feet of living area. The dwellings were built from 1985 to 1999. Each comparable has a basement with finished area, central air conditioning, one to four fireplaces and a garage ranging in size from 690 to 1,016 square feet of building area. Comparable #2 has a greenhouse. The comparables sold from June 2022 to September 2024 for prices ranging from \$880,000 to \$1,275,000 or from \$209.92 to \$275.69 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #1, #2 and #3 due to their sale dates occurring in 2021 or 2022, less proximate to the January 1, 2024 assessment date than other sales in the record. Additionally, the appellant's comparables #3 and

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

#4 have substantially larger site sizes and dwelling sizes, when compared to the subject and both of these dwellings are newer in age, when compared to the subject dwelling.

The Board finds the best evidence of market value to be board of review comparables #4 and #5, which sold more proximate in time to the January 1, 2024 assessment date at issue and are relatively similar to the subject in location, site size, dwelling size, age and some features. These two comparables sold in August and September 2024 for prices of \$925,000 and \$1,275,000 or for \$225.39 and \$271.28 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$794,401 or \$171.24 per square foot of living area, including land, which is less than the two best comparable sales in the record both in terms of overall market value and on a price per square foot of living area basis, including land. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
