

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erkut Batirbek  
DOCKET NO.: 24-02179.001-R-1  
PARCEL NO.: 15-23-301-117

The parties of record before the Property Tax Appeal Board are Erkut Batirbek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,312  
**IMPR.:** \$176,298  
**TOTAL:** \$227,610

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,022 square feet of living area. The dwelling was constructed in 2020 and is approximately 4 years old. Features of the home include central air conditioning and a garage with 400 square feet of building area. The property has a site with approximately 4,492 square feet of land area and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction containing either 2,645 or 3,022 square feet of living area. The dwellings range in age from 3 to 6 years old. Each comparable has central air conditioning and a garage containing 400 or 447 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments that range from \$136,779 to \$162,250 or from \$49.38 to \$55.39 per square

foot of living area. Based on this evidence, the appellant requested a reduction in subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$227,610. The subject property has an improvement assessment of \$176,298 or \$58.34 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction each containing 3,022 square feet of living area. The dwellings were built from 2019 to 2022. Each comparable has central air conditioning and a garage containing 400 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments ranging from \$189,743 to \$199,074 or from \$62.79 to \$65.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration. The Board has given reduced weight to appellant's comparables #1, #2, #4, #5 and #6 which are less similar to the subject in dwelling and garage size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #7, #8 and #9 along with the board of review comparables. The Board finds that these comparables are identical to the subject in dwelling size, design and garage size and nearly identical to the subject in age, location and some features. These most similar comparables have improvement assessments ranging from \$149,225 to \$199,074 or from \$49.38 to \$65.87 per square foot of living area. The subject's improvement assessment of \$176,298 or \$58.34 per square foot of living area, falls within the range of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
