

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karandeep Bhatia
DOCKET NO.: 24-02181.001-R-1
PARCEL NO.: 15-28-301-005

The parties of record before the Property Tax Appeal Board are Karandeep Bhatia, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,213
IMPR.: \$157,217
TOTAL: \$199,430

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,758 square feet of living area. The dwelling was constructed in 1989 and is approximately 35 years old. Features of the home include a basement with a finished area, central air conditioning, one fireplace and a garage with 420 square feet of building area. The property has a site with approximately 11,935 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,632 to 2,890 square feet of living area. The dwellings range in age from 34 to 37 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace and a garage containing 420 or 441 square feet of building area. The comparables have improvement assessments that range from \$140,179 to \$161,967 or from \$52.82 to \$56.23 per square

foot of living area. Based on this evidence, the appellant requested a reduction in subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$199,430. The subject property has an improvement assessment of \$158,662 or \$54.90 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,626 to 2,908 square feet of living area. The dwellings were built in 1988 or 1989. Each comparable has a basement, three with finished area, central air conditioning, one fireplace and a garage ranging in size from 420 to 525 square feet of building area. The comparables have improvement assessments ranging from \$144,406 to \$159,258 or from \$54.77 to \$56.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration. The Board has given reduced weight to board of review comparables #2 and #4 due to their unfinished basements when compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with the board of review comparables #1, #3 and #5. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, age, and some features. These most similar comparables have improvement assessments ranging from \$140,179 to \$161,967 or from \$52.82 to \$56.96 per square foot of living area. The subject's improvement assessment of \$157,217 or \$57.00 per square foot of living area, falls within the range of the best comparables in the record on an overall improvement assessment but slightly above on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
