

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Venkata Earanti
DOCKET NO.: 24-02185.001-R-1
PARCEL NO.: 15-33-117-046

The parties of record before the Property Tax Appeal Board are Venkata Earanti, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,768
IMPR.: \$90,139
TOTAL: \$124,907

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,994 square feet of living area. The dwelling was constructed in 1990 and is approximately 34 years old. Features of the home include a basement, central air conditioning, one fireplace and a garage with 420 square feet of building area. The property has a site with approximately 5,503 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables. The comparables are improved with 2-story dwellings of frame exterior construction each containing 2,280 square feet of living area. The dwellings range in age from 35 to 37 years old. Each comparable has a basement, central air conditioning, and a garage containing 380 square feet of building area. Eight comparables each have one fireplace. The comparables have improvement assessments that range from \$96,350 to \$98,394 or from \$42.26 to \$43.16 per square foot of living

area. Based on this evidence, the appellant requested a reduction in subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,907. The subject property has an improvement assessment of \$90,139 or \$45.21 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables. The comparables are improved with 2-story dwellings of frame exterior construction each containing 1,994 square feet of living area. The dwellings were built in 1990. Each comparable has a basement, central air conditioning, one fireplace and a garage containing 420 square feet of building area. The comparables have improvement assessments ranging from \$90,139 to \$90,396 or from \$45.21 to \$45.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration. The Board has given reduced weight to the appellant's comparables due to their dissimilar dwelling and garage sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board finds that these comparables are most similar to the subject in location and identical in design, dwelling size, age, and some features. These most similar/identical comparables have improvement assessments ranging from \$90,139 to \$90,396 or from \$45.21 to \$45.33 per square foot of living area. The subject's improvement assessment of \$90,139 or \$45.21 per square foot of living area, falls at the low end of the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
