

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Weiss
DOCKET NO.: 24-02207.001-R-1
PARCEL NO.: 16-15-110-048

The parties of record before the Property Tax Appeal Board are Barbara Weiss, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,721
IMPR.: \$143,799
TOTAL: \$184,520

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,853 square feet of living area.¹ The dwelling was constructed in 1985 and is approximately 39 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a garage with 506 square feet of building area. The property has a site with approximately 8,401 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables. The comparables are located in the same assessment neighborhood code as the subject and within .11 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 2,466 to 3,051 square feet of living area. The dwellings are 48 or 49 years old. Each comparable has a basement, central air

conditioning, one fireplace and a garage ranging in size from 420 to 552 square feet of building area. The comparables have improvement assessments that range from \$114,376 to \$135,210 or from \$44.14 to \$52.03 per square foot of living area. Based on this evidence, the appellant requested a reduction in subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,520. The subject property has an improvement assessment of \$143,799 or \$50.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables. The comparables are located in the same assessment neighborhood code as the subject and within .27 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,757 to 2,912 square feet of living area. The dwellings range in age from 35 to 40 years old. Each comparable has a basement, three with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 480 to 600 square feet of building area. The comparables have improvement assessments ranging from \$185,556 to \$196,840 or from \$64.48 to \$69.02 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables and board of review comparable #4 due to their unfinished basements when compared to the subject and other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #3. The Board finds that these comparables are most similar to the subject in location, dwelling size, age, finished basement and some features. These most similar comparables have improvement assessments ranging from \$187,754 to \$196,840 or from \$64.48 to \$69.02 per square foot of living area. The subject's improvement assessment of \$143,799 or \$50.40 per square foot of living area, falls below the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
