

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Hoffmann
DOCKET NO.: 24-02221.001-R-1
PARCEL NO.: 16-28-107-016

The parties of record before the Property Tax Appeal Board are Linda Hoffmann, the appellant, by Ronald Kingsley, attorney-at-law of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,856
IMPR.: \$113,884
TOTAL: \$166,740

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction containing 2,100 square feet of living area. The dwelling was constructed in 1958 and is approximately 66 years old. Features of the property include a partial basement with finished area, central air conditioning, two fireplaces, two bathrooms, and an attached garage with 572 square feet of building area.¹ The property has a 10,033 square foot site located in Deerfield, West Deerfield Township, Lake County.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables improved with one story dwellings of wood frame construction that range in size

from 2,050 to 2,125 square feet of living area. The dwellings are 66 to 68 years old. Each property has a basement, central air conditioning, 2½ or 3 bathrooms, and a garage ranging in size from 441 to 550 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .03 to .36 of a mile from the subject property. These properties have improvement assessments ranging from \$106,824 to \$111,412 or from \$51.54 to \$53.08 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$109,211.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,740. The subject property has an improvement assessment of \$113,884 or \$54.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of brick exterior construction that range in size 1,779 to 2,133 square feet of living area. The homes range from 63 to 66 years old. Each property has a basement with three having finished area, central air conditioning, and a garage ranging in size from 399 to 550 square feet of building area. The comparables have 2, 2½ or 3 bathrooms. Three comparables have one or two fireplaces. The comparables have the same assessment neighborhood code as the subject and are located from .07 to .65 of a mile from the subject property. Their improvement assessments range from \$99,335 to \$117,409 or from \$54.06 to \$56.41 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on thirteen equity comparables with the same neighborhood code as the subject property that are improved with homes similar to the subject in style and age. The Board gives less weight to board of review comparables #3 and #4 due to differences from the subject in dwelling size. The remaining comparables submitted by the parties range in size from 2,050 to 2,133 square feet of living area and in age from 65 to 68 years old. The comparables had varying degrees of similarity to the subject in features such as differences in finished basement area, differences in the number of bathrooms, and differences in the number of fireplaces, requiring adjustments to make them more equivalent to the subject property. Nevertheless, these comparables have improvement assessments ranging from \$106,824 to \$117,409 or from \$51.54 to \$55.04 per square foot of living area. The subject's improvement assessment of \$113,884 or \$54.23 per square foot of living area falls within the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex*

Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels, all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record, after considering the appropriate adjustments to the best comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
