

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Potrzeba  
DOCKET NO.: 24-02272.001-R-1  
PARCEL NO.: 14-01-203-014

The parties of record before the Property Tax Appeal Board are Kevin Potrzeba, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$33,762  
**IMPR.:** \$158,452  
**TOTAL:** \$192,214

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 3,117 square feet of living area. The dwelling was constructed in 1997 and is 27 years old. Features of the home include a basement, central air conditioning, two fireplaces, and a 779 square foot garage. The property has a 40,500 square foot site and is located in Mundelein, Ela Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of one-story dwellings of brick or frame exterior construction ranging in size from 2,412 to 3,691 square feet of living area. The homes range in age from 38 to 45 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement,

and a garage ranging in size from 530 to 962 square feet of building area. One comparable has a greenhouse. The comparables have improvement assessments ranging from \$107,627 to \$157,492 or from \$42.30 to \$44.68 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$136,228 or \$43.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,214. The subject property has an improvement assessment of \$158,452 or \$50.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and within .23 of a mile of the subject. The comparables consist of one-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 2,555 to 3,208 square feet of living area. The homes were built from 1979 to 1994. Each dwelling has central air conditioning, one or three fireplaces, a basement, and a garage ranging in size from 759 to 954 square feet of building area. One comparable has a bath house. The comparables have improvement assessments ranging from \$125,742 to \$147,536 or from \$45.99 to \$50.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in age and dwelling size. Nevertheless, the Board gives less weight to the appellant's comparable #4 and the board of review's comparable #2, which feature either a greenhouse or bath house unlike the subject. The parties' remaining comparables have improvement assessments ranging from \$107,627 to \$157,492 or from \$42.30 to \$50.78 per square foot of living area. The subject's improvement assessment of \$158,452 or \$50.83 per square foot of living area is slightly above the range established by the best comparables in this record. However, the Board finds the subject's higher assessment logical given the subject's newer dwelling in relation to four of the five best comparables. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
