

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederick Frankel
DOCKET NO.: 24-02324.001-R-1
PARCEL NO.: 16-32-312-038

The parties of record before the Property Tax Appeal Board are Frederick Frankel, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$72,725
IMPR.: \$201,798
TOTAL: \$274,523

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,554 square feet of living area. The dwelling was constructed in 1993 and is 31 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, four full and one half bathrooms, and a 704 square foot garage. The property has a 19,440 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the subject's assessment neighborhood and within .27 of a mile of the subject. The comparables consist of two-story dwellings of frame or wood or brick exterior construction ranging in size from 3,114 to 3,508 square feet of living area. The homes were built from 1985 to 1988. Each dwelling has a basement with finished area, central air conditioning, one or two fireplaces, two full and one half

to three full and one half bathrooms, and a garage ranging in size from 462 to 529 square feet of building area. Comparable #1 has a greenhouse. The parcels range in size from 10,330 to 10,880 square feet of land area. The comparables sold from January to December 2023 for prices ranging from \$432,000 to \$735,000 or from \$123.85 to \$209.52 per square foot of living area, including land. The appellant also noted that the subject is located on a busy road facing commercial property. Based on this evidence, the appellant requested a reduced assessment of \$255,388, for an estimated market value of \$766,241 or \$215.60 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$274,523. The subject's assessment reflects a market value of \$823,651 or \$231.75 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the subject's assessment neighborhood and within .82 of a mile of the subject. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 2,570 to 3,138 square feet of living area. The dwellings range in age from 39 to 68 years old. Each dwelling has a basement with two having finished area, central air conditioning, a fireplace, three or four full bathrooms, and a garage containing either 414 or 484 square feet of building area. The parcels contain either 9,300 or 10,800 square feet of land area. The comparables sold from August 2023 to July 2024 for prices ranging from \$795,000 to \$1,085,000 or from \$253.35 to \$387.36 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the board of review's comparables #1 and #3, which differ from the subject in age.

The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and some features. These comparables sold for prices ranging from \$432,000 to \$795,000 or from \$123.85 to \$253.35 per square foot of living area, including land. The

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

subject's assessment reflects a market value of \$823,651 or \$231.75 per square foot of living area, including land, which is above the range established by the best comparable sales in this record overall and within the range on a per-square-foot basis. The Board finds the subject's higher overall assessment logical given the subject's larger site, larger dwelling, basement finish, and bathroom count in relation to the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
