

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tommy Peters
DOCKET NO.: 24-02326.001-R-1
PARCEL NO.: 16-21-110-007

The parties of record before the Property Tax Appeal Board are Tommy Peters, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$85,973
IMPR.: \$229,050
TOTAL: \$315,023

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 5,090 square feet of living area. The dwelling is 54 years old. Features of the home include a basement with finished area, central air conditioning, four fireplaces, and a 1,117 square foot garage. The property is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located in the subject's assessment neighborhood and within .23 of a mile of the subject. The comparables consist of one-story or two-story dwellings of brick exterior construction ranging in size from 4,184 to 6,261 square feet of living area. The homes range in age from 44 to 51 years old. Each dwelling has central air conditioning, one or three fireplaces, a basement, and a garage ranging in size from 552 to 918 square feet of building area. Five

comparables each have an inground swimming pool with three of these also featuring a tennis court. The comparables have improvement assessments ranging from \$165,859 to \$251,393 or from \$30.10 to \$44.18 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$207,706 or \$40.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$333,574. The subject property has an improvement assessment of \$247,601 or \$48.64 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within the subject's assessment neighborhood and within .34 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction containing either 4,921 or 4,986 square feet of living area. The homes are 35 and 47 years old. Each dwelling has central air conditioning, two fireplaces, a basement with finished area, and a garage containing either 816 or 1,080 square feet of building area. One comparable has an inground swimming pool. The comparables have improvement assessments of \$231,931 and \$277,669 or \$47.13 and \$55.69 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1, #2, #4, #5, and #6, as well as the board of review's comparable #1, which differ from the subject in age, dwelling size, or design.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review comparable #2, which are similar to the subject in age, location, dwelling size, and most features, noting each would require a downward adjustment for their inground swimming pools to make them more equivalent to the subject. The comparables have improvement assessments of \$197,886 and \$231,931 or \$40.68 and \$47.13 per square foot of living area. The subject's improvement assessment of \$247,601 or \$48.64 per square foot of living area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
