

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shaolin Chen
DOCKET NO.: 24-02420.001-R-1
PARCEL NO.: 15-17-404-008

The parties of record before the Property Tax Appeal Board are Shaolin Chen, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,605
IMPR.: \$165,213
TOTAL: \$215,818

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,978 square feet of living area. The dwelling was constructed in 1988 and is approximately 36 years old. Features of the home include a basement with 1,040 square feet of finished area, 3½ bathrooms, central air conditioning, one fireplace and a 441 square foot garage. The property has an approximately 10,000 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction with 2,978 square feet of living area and are 36 years old. Each comparable has a basement, with two having 660 or 975 square feet of finished area. Each dwelling has 2½ or 3½ bathrooms, central

air conditioning, one fireplace and a 441 square foot garage. The comparables have improvement assessments ranging from \$148,474 to \$156,416 or from \$49.86 to \$52.52 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$153,635 or \$51.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,818. The subject has an improvement assessment of \$165,213 or \$55.48 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction with 2,885 or 2,963 square feet of living area that were built in 1989 or 1991. Each comparable has a basement with from 836 to 962 square feet of finished area. Each dwelling has 2 or 3 full bathrooms, 1 or 2 half bathrooms, central air conditioning, one fireplace and a 483 square foot garage. The comparables have improvement assessments ranging from \$160,578 to \$165,374 or from \$55.66 to \$55.81 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2, #3 and #5 along with board of review comparables #1 and #2 which are less similar to the subject in basement finished area and/or bathroom count than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparables #3 and #4 which are more similar to the subject in location, age, design, dwelling size, basement finished area, bathroom count and other features. These comparables have improvement assessments ranging from \$148,474 to \$165,374 or from \$49.86 to \$55.81 per square foot of living area. The subject's improvement assessment of \$165,213 or \$55.48 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
