

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Triner
DOCKET NO.: 24-02469.001-R-1
PARCEL NO.: 14-21-203-008

The parties of record before the Property Tax Appeal Board are Daniel Triner, the appellant, by attorney Arden Edelcup of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,655
IMPR.: \$112,491
TOTAL: \$138,146

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,724 square feet of above ground living area. The dwelling was constructed in 1971. Features of the home include a basement/lower level with 824 square feet of finished area, central air conditioning, a fireplace and a garage with 475 square feet of building area. The property has an 11,500 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code and are located within .55 of a mile from the subject property, three of which are also along the same street as the subject. The comparables are improved with split-level dwellings of frame exterior construction ranging in size from 1,726 to 1,736 square feet of above ground living area. The dwellings were each

constructed in 1971. Each comparable has a basement with 824 or 825 square feet of finished area, central air conditioning and a garage ranging in size from 475 to 493 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$109,230 to \$113,729 or from \$63.14 to \$65.89 per square foot of above ground living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$111,060 or \$64.42 per square foot of above ground living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,012. The subject property has an improvement assessment of \$116,357 or \$67.49 per square foot of above ground living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .34 of a mile from the subject property. The comparables are improved with split-level dwellings of frame exterior construction with 1,724 or 1,860 square feet of above ground living area. The dwellings were built in 1970 or 1971. Each comparable has a basement with 824 or 1,156 square feet of finished area, central air conditioning and a garage with either 475 or 500 square feet of building area. Three comparables each have a fireplace and two comparables each have a shed. The board of review evidence also disclosed comparables #1 and #4 each have an inground swimming pool. The comparables have improvement assessments ranging from \$115,555 to \$132,172 or from \$67.03 to \$76.67 per square foot of above ground living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to board of review comparables #1, #3 and #4 which have an inground swimming pool, unlike the subject or are less similar to the subject in dwelling size and basement finish than other comparables in the record. The Board has also given less weight to board of review comparable #2, which appears to be an outlier due to its considerably higher improvement assessment of \$132,172 or \$76.67 per square foot of above ground living area in relation to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are similar to the subject in location, dwelling size, design, age and many features. The comparables have improvement assessments that range from \$109,230 to \$113,729 or from \$63.14 to \$65.89 per square foot of above ground living area. The subject property's

improvement assessment of \$116,357 or \$67.49 per square foot of above ground living area falls above the range established by the best comparables in the record both in terms of total improvement assessment and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
