

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Snyder
DOCKET NO.: 24-02498.001-R-1
PARCEL NO.: 14-14-101-004

The parties of record before the Property Tax Appeal Board are Scott Snyder, the appellant, by attorney Brianna L. Golan of Golan Christie Taglia LLP in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,874
IMPR.: \$218,000
TOTAL: \$244,874

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,823 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement, central air conditioning, a fireplace and a garage with 795 square feet of building area. The property has a 142,877 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .05 of a mile to 2.29 miles from the subject property. The comparables are improved with two-story dwellings of frame or brick exterior construction ranging in size from 3,581 to 4,534 square feet of living area. The dwellings were built from 1997 to 2002. Each comparable has a basement, central air

conditioning, one to three fireplaces and a garage ranging in size from 724 to 1,575 square feet of building area. The comparables have improvement assessments that range from \$176,736 to \$246,272 or from \$49.35 to \$54.65 per square foot of living area. Based on this evidence, the appellant's requested that the subject's improvement assessment be reduced to \$201,052 or \$52.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,874. The subject property has an improvement assessment of \$218,000 or \$57.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .14 of a mile from the subject property. The comparables are improved with two-story dwellings of brick and frame exterior construction ranging in size from 3,464 to 4,157 square feet of living area. The dwellings were built in 2001 or 2003. Each comparable has a basement, central air conditioning, one to three fireplaces and a garage ranging in size from 704 to 864 square feet of building area. The comparables have improvement assessments that range from \$199,584 to \$238,474 or from \$56.74 to \$57.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #5 due to their distant locations from the subject being more than one mile away and/or they have considerably larger dwelling sizes, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, along with the four comparables submitted by the board of review, which are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$199,584 to \$238,474 or from \$54.33 to \$57.80 per square foot of living area. The subject's improvement assessment of \$218,000 or \$57.02 per square foot of living area falls within the range established by the best comparables in this record both in terms of total improvement assessment and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
