

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Nazimok
DOCKET NO.: 24-02542.001-R-1
PARCEL NO.: 16-05-405-023

The parties of record before the Property Tax Appeal Board are Andrew Nazimok, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$98,263
IMPR.: \$266,012
TOTAL: \$364,275

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,777 square feet of living area. The dwelling was constructed in 1996 and is approximately 28 years old. Features of the home include a basement, central air conditioning, two fireplaces and a 632 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,180 to 3,740 square feet of living area. The homes were 36 to 38 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging

in size from 525 to 630 square feet of building area. The comparables have improvement assessments ranging from \$169,793 to \$252,261 or from \$53.39 to \$67.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$218,787 or \$57.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$364,275. The subject has an improvement assessment of \$266,012 or \$70.43 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,320 to 3,718 square feet of living area. The homes were 22 to 36 years old. Each comparable has a basement, central air conditioning, one or four fireplaces and a garage ranging in size from 660 to 780 square feet of building area. The comparables have improvement assessments ranging from \$230,037 to \$274,388 or from \$69.29 to \$73.80 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant's attorney critiqued the board of review's comparables arguing the properties aren't valid comparables due to differences in open and/or closed porches and location.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #3 and #5 and board of review comparable #1 which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 and board of review comparables #2 and #3 which are more similar to the subject in dwelling size with varying degrees of similarity in age and other features. These comparables have improvement assessments that range from \$237,691 to \$274,388 or from \$64.52 to \$73.80 per square foot of living area. The subject's improvement assessment of \$266,012 or \$70.43 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
