

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sheela Seetharaman
DOCKET NO.: 24-02632.001-R-1
PARCEL NO.: 15-21-219-115

The parties of record before the Property Tax Appeal Board are Sheela Seetharaman, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,307
IMPR.: \$125,819
TOTAL: \$155,126

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 1,983 square feet of living area. The dwelling was constructed in 2013. Features of the home include a full basement, central air conditioning and a 420 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located .17 of a mile from the subject, two of which are located on the same street and block as the subject. The comparables are described as 2-story dwellings of brick and frame exterior construction with 1,968 or 1,983 square feet of living area. The dwellings were built in 2007 or 2013. Two comparables have basements, one with finished area. Each comparable has central air conditioning and a garage with 420 or 486 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging

from \$104,450 to \$120,279 or from \$52.67 to \$60.66 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,126. The subject property has an improvement assessment of \$125,819 or \$63.45 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .29 of a mile from the subject, one of which is located on the same street and block as the subject. The comparables are described as 2-story dwellings of brick and frame exterior construction with 1,983 square feet of living area. The dwellings were built in 2006 or 2013 and have basements. Each comparable has central air conditioning and a garage with 420 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$123,802 to \$125,819 or from \$62.43 to \$63.45 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3, #4 and #5 as well as board of review comparables #2, #3 and #4 due to lack of a basement and/or less similar in age when compared to the subject. The Board also gives less weight to appellant's comparable #2 which has basement finished area unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and board of review comparable #1 which are most similar to the subject in location, age, dwelling size and features. These comparables had improvement assessments of \$120,279 and \$125,819 or \$60.66 and \$63.45 per square foot of living area. The subject's improvement assessment of \$125,819 or \$63.45 per square foot of living area is identical to one of the two best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
