

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Archil Sharashidze
DOCKET NO.: 24-02662.001-R-1
PARCEL NO.: 16-25-404-006

The parties of record before the Property Tax Appeal Board are Archil Sharashidze, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$133,716
IMPR.: \$401,087
TOTAL: \$534,803

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 4,262 square feet of living area. The dwelling is 22 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 483 square foot garage. The property has a 18,263 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located in the subject's assessment neighborhood and within .97 of a mile of the subject. The comparables consist of two-story dwellings of brick, stucco, or wood siding exterior construction ranging in size from 3,856 to 4,872 square feet of living area. The homes range in age from 17 to 32 years old. Each dwelling has central air conditioning, one to three

fireplaces, a basement with finished area, and a garage ranging in size from 546 to 836 square feet of building area. The comparables have improvement assessments ranging from \$332,790 to \$411,697 or from \$68.31 to \$93.77 per square foot of living area.¹ Based on this evidence, the appellant requested a reduced improvement assessment of \$345,321 or \$81.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$534,803. The subject property has an improvement assessment of \$401,087 or \$94.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and from .36 of a mile to 1.3 miles from the subject. The comparables consist of two-story dwellings of brick, stucco, or stone exterior construction ranging in size from 3,961 to 4,668 square feet of living area. The homes range from 16 to 19 years old. Each dwelling has central air conditioning, two fireplaces, a basement with finished area, and a garage ranging in size from 506 to 748 square feet of building area. The comparables have improvement assessments ranging from \$373,518 to \$458,995 or from \$93.89 to \$98.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the board of review's comparables #1 and #2, which are located more than one mile from the subject. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments ranging from \$332,790 to \$458,995 or from \$68.31 to \$98.33 per square foot of living area. The subject's improvement assessment of \$401,087 or \$94.11 per square foot of living area is within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review submitted a corrected comparable grid containing the equalized improvement assessments of the appellant's comparables.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
